JOIN THE

GREEN TEAM

This year, in the face of the climate emergency, MINERAL & GEM is working towards greater eco-responsibility!

This effort must be carried by all: organization, volunteers, visitors, partners, and of course also by you, the exhibitors.

A dedicated team, the **GREEN TEAM** will be set up to raise awareness, inform and implement new automatisms in two main areas:

TRAVEL & WASTE

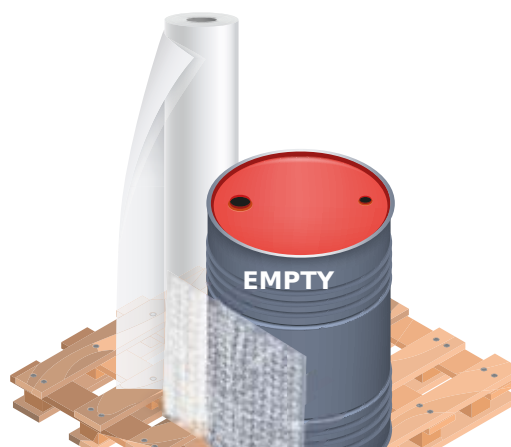

The whole team would be grateful if you could also take part in this progress by taking particular care to **favour soft mobility** during the event (walking, cycling), or carpooling, and **above all to reduce the waste generated** (during installation, on your stand and during dismantling).

Waste sorting will be MANDATORY and STRICT. The red jacket of your area and the **GREEN TEAM** will be present for more information.

**THERE IS
NO
PLANET B**

PLEASE TAKE NOTE OF THE FOLLOWING SORTING INSTRUCTIONS FOR THE INSTALLATION

PLEASE SEPARATE
